Dormer Windows

NO-LEAD

High Performance Aluminium Flashing

NO
Re-Sale
Value

NO-LEAD has:

- **20 years+ Life Expectancy**
- **Is easy to install**
- **Is Light and needs no additional sealant or tape**
- **High performance adhesive for a permanent bond**

Key Features

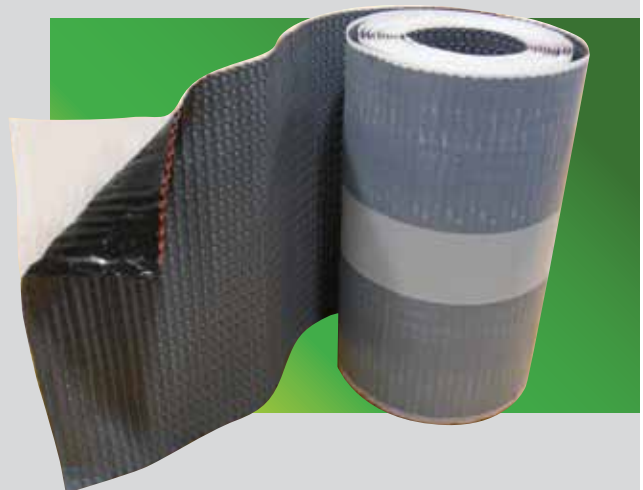

- Low Cost
- Waterproof
- Durable
- Alternative to Traditional Lead
- Malleable
- Lightweight
- Easy Cut
- Easily Repaired
- No Re-sale Issues

No-Lead is aluminium based, high performance, low cost flashing. It is used as a replacement of traditional lead in flat and pitched roof.

No-Lead is made of sheet aluminium with a protective anti-corrosion coating and a high performance butyl adhesive on the underside.

No-Lead doesn't require any special tools for installation. It can be cut with a knife or scissors.

Sizes Available: 150mm x 5M, 300mm x 5M, 450mm x 5M

Dormer Windows

The addition of an attractive dormer can transform the presentation of a property. Factory made and fully assembled, these lightweight structures can be fitted in a fraction of the time required using traditional materials and methods of construction.

Apex
